RG

Dear clients, colleagues & friends,

I'm pleased to announce that I accepted a full-time position as COO & General Counsel at [Analog Photonics LLC](#), a leader in the design and development of silicon photonics components for automotive, industrial, consumer and defense applications.

This will be a new adventure that allows me to work "on the inside" in both a business and legal capacity. And while I'm excited about helping to grow a business with ground-breaking technology, I'm sorry to leave clients, colleagues & friends with whom I have worked for so many years as an independent lawyer.

My new position starts on July 1st. What that means is that if you need my assistance with legal services, we will seek to conclude those matters ***prior to June 29th***, at the latest. For matters likely to extend beyond June, clients will generally need to transition to another lawyer. Please contact me as soon as possible to discuss your situation individually or let me know if you would like me to suggest attorneys who may take over any ongoing matters.

Although I want to keep this message brief, I would like to heartily thank everyone who supported my law practice, which was sometimes innovative and often unconventional. I enjoyed working with each of you and hope that we stay in touch.

You may continue to contact me at my Glovsky Law address for the next few weeks, but at some point I will take down the website. For future reference, the best way to reach me is:

Email: rogerglovsky@gmail.com
Cell: 781-640-9388
LinkedIn: [rogerglovsky](#)

Thanks again for your support.
